

Proven System helps you...

Say "Bye Bye" To Ugly Fat – and the Recurring Misery of "Yo-Yo" Dieting!

- Accelerates healthy weight loss (study group lost 4.36 kg in just 28 days!)
- Controls appetite & reduce cravings
- Boosts metabolism and energy
- Contains no nerve-frazzling and harmful stimulants

IF YOU'RE ONE of the many millions who have been trying – in vain – to shed your excess flab and regain your formerly flattering figure, you might be wondering if there's a diet programme you can live with.

Sadly, there is no "magic bullet" for dieters – but new research shows you can now give your weight-loss efforts a serious edge.

Remarkable "metabolic enhancer" jumpstarts results!

Irvingia gabonensis, also known as African Mango, is a rare fruit found in the rainforests of West Africa. It was prized by the native villagers as a remedy for many medical problems, from promoting a healthy heart and improving energy to relieving infection. However, exciting new research shows that African Mango Extract, along with a system of healthy diet and exercise, can promote healthy weight and protect against obesity.

According to Dr. Judith Ngondi, "A seed extract of *Irvingia gabonensis* safely and significantly supported a healthier body weight in overweight subjects." Dr. Mehmet Oz, Oprah's go-to nutritional guru, raved about it on her show. And David Jeffery, Editor of *Body for Life*, called African Mango "the best natural fat loss remedy I've come across in 25 years!"

Research results: FLAT-OUT AMAZING!!!

In a now-famous clinical study (published *Lipids in Health and Disease*), people taking African Mango extract for just 28 days lost nearly 40 times the weight than those taking a placebo (8.9 lbs vs. 0.22 lbs.). They also lost 2 inches from their waistline as well as 1.8 inches from their hips.

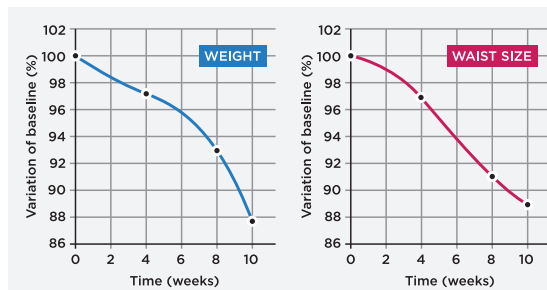

"I have now used the African Mango Rapid Slim System for more than two months – and all I can say is: WOW! I am now fitting into smaller sizes, and it feels fantastic!" – Heidi F.

"I never thought I could lose the weight (I was up to 113 kg), but your amazing product really helped me drop the kilos and change my life. It's the real deal!"

– Jeff S.

"It's the best natural fat-loss programme I've come across in 25 years of research."

– David Jeffery, Editor, Body for Life

Changes in body weight and weight circumference in African Mango group corrected for placebo values.

Introducing the new African Mango Rapid Slim System™

You can now benefit from African Mango as part of the new **African Mango Rapid Slim System™**.

If you're serious about getting more fit and trim ...looking HOT in your swimsuit this summer (or in any season!) ... and about putting the frustrating failure of "yo-yo" dieting behind you, once and for all, then this could be the "dieter's catalyst" you've been waiting for!

Delicious, Nutritious, and Easy

The **African Mango Rapid Slim System™** is a delicious, chocolate-flavored powder. It can be mixed in 8 oz of water or your favorite smoothie. Plus, it contains enough dietary fiber to make you feel full and stave off hunger pangs.

African Mango Rapid Slim System™ also contains an all-star team of potent, herbal compounds including:

- **Raspberry Ketones** – help encourage your body to burn fat instead of storing it.
- **White Kidney Bean Extract** – In addition to being a rich source of cholesterol-lowering fiber, this compound helps prevent carbohydrates from being converted into fat.

Reveal a slim new you – and stay that way!

"I lost two kilos within ten days and came down two dress sizes. And even more remarkable – I'm keeping it off!"

– Emma S.

- **L-Carnitine** – widely used by athletes and bodybuilders for its ability to reduce muscle fatigue while building muscle and bone mass.
- **Psyllium Husk** – Helps reduce appetite without over-stimulating the nervous system. Also promotes overall intestinal health.
