

THEY SAID THAT ALICE  
MIGHT NEVER WALK AGAIN.

WE TOOK THAT  
AS A CHALLENGE.

Sometimes it seems the odds are against you. That's where we come in. Our expertly trained doctors, nurses and rehabilitation therapists offer a full range of services for people coping with physical and emotional challenges resulting from injury or illness, whether it's spinal or degenerative neurological disorders, stroke, major trauma,

joint replacements, cardiac disease, orthopedic surgery or amputations. How have we earned our reputation as the region's premiere rehabilitation specialists? With unsurpassed clinical expertise. The latest in technology. And a passionate commitment to compassionate care. To learn more call (201) 418-2032 or log on to [www.bscpcf.com](http://www.bscpcf.com).
